Problem Assessment Grid

Good Condition

Bad Condition

Condition of Business

- Business is doing great to breaking even. (Not Losing Money)
- Has more assets than debt
- Has greater potential than being realized
- Is worth continuing

- Business is losing money
- Business is debt burdened
- Has little potential to improve
- Has other serious issues (employee problems, leases expiring, tax burden, compliance issues, vendor problems, etc.)

Condition of Business Partnership

- Partnership is on a spectrum of friendly and functional to tense with problems.
- Partners want to work things out
- It is possible that the partnership can survive
- There is no outside pressure to dissolve or change the partnership

- There is serious tension in the partnership
- The differences between partners cannot be reconciled
- Partners don't wish to continue together
- There is outside pressure for change in the partnership
- A new partner has come in who is causing strain that cannot be resolved
